ACHS Rune

Monthly Newsletter

A rune is a letter in an alphabet known as runic alphabets native to the Germanic peoples. Runes were used to write various languages, including Elder Futhark seen above.

This writing system was used by the Vikings. In recognition of this, we call our new ACHS newsletter *The Rune*.

From the Desk of

Laurie Carter
Lead Counselor

The Atlantic City High School Guidance Department is excited about the new school year. We are eager to meet our new students and see the faces of our returning students. We look forward to helping the students at Atlantic City High School to achieve their goals, explore career paths, find the best post-secondary option, but most importantly help students meet and conquer any obstacle they may have to face.
