

A BIG OPPORTUNITY FOR HIGH SCHOOL STUDENTS

Big Brothers
Big Sisters®

OF ATLANTIC &
CAPE MAY COUNTIES

BECOME A MENTOR!

Why Get Involved?

It's simple. It's fun. It's a great way to make a difference in the community and it looks good on a College application and job resume.

Join our volunteers who say,
"I get back so much more than I give."

How Does It Work?

A Professional from Big Brothers Big Sisters will match you with a child with similar interests and give support as you need it. You'll meet twice a month with your "Little" and play games, help with school work or just hang out.

It's Easier Than You Think.

You don't need experience or special training, you just need to be yourself and have fun. Once you're accepted into the Program, you'll spend time with your Little on a regular basis. It's that simple!

You Can Make a Mark

A child with a Big Brother or Big Sister is:

- **46%** less likely to begin using illegal drugs
- **52%** less likely to skip school
- **50%** more likely to improve their school performance

What Will You Get Out of It?

- A new friendship with a young person who needs your support
- A fun change of pace from your regular day
- Volunteer or community service hours
- Something wonderful to put on your College applications and resume
