ATLANTIC CITY PUBLIC SCHOOLS - STUDENT CODE OF CONDUCT

Administrative Procedure: Special Education - Discipline for Students with Disabilities

These procedures relate to the Policies and Regulations listed in Policy 5610: Suspension (M), Regulation 5600: Student Discipline / Code of Conduct (M) and Policy 2460: Special Education (M).

1. All students with disabilities are subject to the same discipline procedures as the general student population, unless otherwise exempted or modified within the child's Individualized Education Program (IEP), with the exception of preschool children, who are not to be suspended under any circumstances.
2. There is no applicability of an IEP modification or exemption in situations that involve the possession or use of a weapon, the possession or use of an illegal drug, or the inflicting serious bodily injury to others.
3. Students with disabilities may be suspended/removed from their educational placement for up to 10 days within a school year under the same rules that apply to all students, according to the district's code of conduct.
4. Whenever a school official suspends/removes a student with a disability under the discipline policy, he/she must notify the case manager and the parent in writing of the removal, provide a reason, and specify the number of days.
5. For all discipline situations involving students with disabilities, in which there has been a 10-day removal, with the exception of situations as defined in #2. above, a meeting must be convened quickly to include the parent, the student as appropriate, and all other relevant members of the IEP team to review the student's file including the IEP, any observations by teachers, and consider information provided by the parents, in order to make a determination known as "manifestation determination" (MD) as defined below.
 - a. Manifestation determination is a review of the relationship between the student's disability and the conduct/behavior subject to disciplinary action.
 - b. The IEP team must answer two key questions:
 - i. Whether the conduct was caused by, or had a direct and substantial relationship to the child's disability;
 - ii. Whether the conduct was a direct result of the district's failure to implement the student's IEP.
 - c. If the manifestation determination meeting results in a conclusion that the Student's conduct does not constitute a manifestation of his/her disability nor resulted from the district's failure to implement the IEP, the student may be further disciplined under the same rules that apply to all students, according to the district's code of conduct. However, educational services must be provided to ensure IEP implementation.
 - d. If the manifestation determination meeting results in a conclusion that the student's conduct does constitute a manifestation of his/her disability or that it resulted from the district's failure to implement the IEP, the district may not further suspend/remove the student, and must take further steps as follows:

- i. Review, the student's current Behavior Intervention Plan (BIP), if there is one, and modify it as necessary; if there is no plan in place, conduct a Functional Behavior Assessment (FBA);
 - ii. Consider a change in the student's program to address the persistent behavior issues and modify the IEP accordingly;
 - iii. Unless the parent and the IEP team agree to change the student's placement, return the student to the placement which was in effect prior to the manifestation determination meeting.
6. For situations that involve a student's possession or use of a weapon, the possession or use of an illegal drug, or the inflicting of serious bodily injury to others, a school official may remove the student for 45 calendar days to an Interim Alternative Education Setting (IAES). This authority is held by the district regardless of whether or not the manifestation determination resulted in a conclusion that the student's conduct was caused by, or had a direct and substantial relationship to the child's disability.
 - a. The IEP team will make the choice of placement for the 45-day removal, and will ensure that the placement chosen will enable the student to progress appropriately in a general curriculum, and provide sufficient services to enable the student to advance appropriately toward achieving his/her IEP goals.
7. All decisions made via the processes outlined above, including the decision resulting from a manifestation determination meeting, and the decision to remove a student to a 45-day interim alternative education setting may be appealed by parents, as outlined in the procedural safeguards statement provided to the parents when a child has been suspended/removed for a total of 10 days in a school year.
8. The district Board of Education may file an appeal in response to a parent's formal objection to its disciplinary action, when it has determined that keeping a student in the current placement rather than removing him/her to an interim alternative education setting is substantially likely to cause injury to himself/herself or others.

ATLANTIC CITY PUBLIC SCHOOLS - STUDENT CODE OF CONDUCT

ATLANTIC CITY PUBLIC SCHOOLS - STUDENT CODE OF CONDUCT

School Responses to Violations of Behavioral Expectations: Administrative Procedure - Suspensions, Hearings, Expulsions and Special Circumstances

A. Suspensions

The building principal is the only school official who may suspend a student. The building principal may delegate to an assistant, who holds the appropriate certificate and endorsement, authority to implement and administer procedures that lead to suspension. The building principal, however, must assume full responsibility for ensuring that due process is afforded to a student in each case.

The term “suspension” shall include in-school suspensions, short-term suspensions and long-term suspensions. A short-term suspension is defined as an out-of-school suspension for a period not to exceed ten (10) consecutive school days and may be imposed by the building principal. A long-term suspension is defined as an out of school suspension in excess of ten (10) consecutive school days. Parents or guardians are to be informed immediately of all suspensions.

It is anticipated that, in the absence of specific, egregious violations, lesser penalties shall be imposed upon a student who violates school rules, District policies or the Student Code of Conduct. Principals shall conduct conferences with students, parents, teachers, and pupil services staff as part of their responsibility for attempting to resolve problems involved in student discipline.

Grades cannot be lowered as a disciplinary sanction or because of work missed while the student was suspended. The student must be given the opportunity to make up the work missed because of an out of school suspension. However, a student may be denied credit for a course where the student is excluded from class for disciplinary reasons, has cut classes, had excessive absences or otherwise does not meet the requirements for course credit.

Before any suspension is imposed, the building principal must determine whether the student is classified or *recently* has been, or should be, referred to the Child Study Team for evaluation. If the incident involves such a student, the procedures set forth in the District’s related policies and regulations and New Jersey statute 18A: and Administrative Code 6A: shall be followed.

The building principal or designee must document his/her investigation of the incident giving rise to the discipline, including the names of any witnesses, reports and/or copies of any statements made by any student/staff, any student admission(s), any involvement of law enforcement officers, and all steps taken during the investigation.

ATLANTIC CITY PUBLIC SCHOOLS - STUDENT CODE OF CONDUCT

If the student is a general education student, the building principal shall provide the student with either oral or written notice of the charges as soon as practicable and immediately hold an informal hearing with the student, i.e., the student shall be given an explanation of the evidence of the violation and be given the opportunity to explain the situation. The building principal shall then determine, on the basis of the incident itself, or in conjunction with the student's past disciplinary history, whether an in-school, short term or long-term suspension is warranted.

If the student's continued presence in school poses a continuing danger to District property, staff or students, or threatens to interrupt the educational process, the building principal may suspend the student immediately and have the student removed from District property. In such an event, the informal hearing shall be held as soon as practicable, but in no case more than *two* days after the initial suspension. All students being removed from District property shall be supervised while waiting for their parent or the proper authorities to arrive at school to remove the student.

If at any time during the course of a student's suspension, a parent requests, or District staff determines that an evaluation by the Child Study Team is warranted, the building principal shall notify the Director of Student Services and Special Education, who shall arrange for the expedited evaluation of the student.

In the event a student is to be suspended for more than five (5) days, the building principal shall arrange to provide home or out-of-school instruction for that student consistent with the requirements of applicable New Jersey regulations. The student's absence shall be marked as excused and the student is responsible for making up all work missed during the time of suspension.

B. In-School Suspension (ISS)

In-School Suspension (ISS) is used for very serious infractions of school policies and procedures which do not require immediate removal from school. A student who is "suspended" from his/her regular schedule will be assigned to a self-contained classroom monitored by a certified staff member. Students given ISS will not receive a zero (0) in each class missed nor will they be prevented from completing tests or other work missed. All make-up work, however, is the responsibility of the suspended student. Students will be provided work by their classroom teacher to complete during the suspension period.

ATLANTIC CITY PUBLIC SCHOOLS - STUDENT CODE OF CONDUCT

C. **Out-of-School Suspension (OSS) / Short-Term Suspension (N.J.A.C. 6A:16-7.2)**

If, after the informal hearing, the building principal determines that a short-term suspension is appropriate, written notice shall be provided to the parent/guardian, or the student if he/she is over the age of eighteen (18), which shall state that the student has been suspended, the reason(s) for and terms of the suspension, the length of the suspension and the student's/parents' right to appeal the suspension in accordance with law. The letter shall provide notice that further engagement by the student in conduct warranting suspension or expulsion shall amount to a knowing and voluntary waiver of his/her right to a free public education.

The building principal shall immediately inform the Superintendent of Schools of any student suspension. The Superintendent of Schools shall report the suspension to the Board at its next regularly scheduled meeting.

D. **Out-of-School Suspension (OSS) / Long-Term Suspension (N.J.A.C. 6A:16-7.3)**

If, after the informal hearing, the building principal determines that a long-term suspension is warranted, written notice to the parent/guardian, or the student if over the age of eighteen (18), shall be provided immediately after the informal hearing, which shall state that the student has been suspended, the reason(s) for and terms of the suspension, the length of the initial suspension (which shall not exceed thirty (30) days) and notification of the student's right to a formal hearing before the Board of Education. The letter shall provide notice that further engagement by the student in conduct warranting suspension or expulsion shall amount to a knowing and voluntary waiver to his/her right to a free public education.

The building principal shall arrange to provide home or out-of-school instruction for the student consistent with the requirements of New Jersey regulations. The student's absence shall be marked as excused and the student is responsible for making up all work missed during the time of suspension.

The building principal shall immediately transmit a copy of the written notice(s), a copy of any incident reports, witness statements, and a copy of the student's file, including the disciplinary file, to the Superintendent with the building principal's recommendation relative to the length of the suspension. The Superintendent shall transmit these materials to the Board Solicitor and schedule the formal hearing to be held no later than thirty (30) days from the date of the initial suspension.

ATLANTIC CITY PUBLIC SCHOOLS - STUDENT CODE OF CONDUCT

In no event shall a student suspension continue past the second regular meeting of the Board, after the date of suspension, unless it is continued by action of the Board.

If at any time, it is found that the student did not commit the violation/offense, the student shall be immediately returned to the general education program.

E. Board-Level Hearings (N.J.S.A. 18A:37-2.4), Policy 5610 – Suspension (M)

The Board of Education shall cause the appropriate notice scheduling the formal hearing to be sent to the student and/or the student's parent/guardian. In addition to providing all necessary due process notifications, the notice may provide for the exercise of an option to waive the student's right to the hearing or to request a postponement of the hearing. The student's suspension may be continued beyond thirty days by agreement of the parent/guardian or adult student. The Board shall request from the parent(s)/guardian(s) and student written acknowledgement of the notification provided.

For a student with a disability, there shall be a manifestation determination pursuant to N.J.S.A. 18A:37-2 and N.J.A.C. 6A:16-7.4.

The formal hearing shall be held at the time and place specified in the notice unless otherwise agreed between the Board and the parent/adult pupil and/or the pupil's representative. The student has the right to be represented by counsel at the hearing. The Board shall determine whether any further suspension/action is warranted based upon the preponderance of the competent and credible evidence presented at the hearing.

The Board shall notify the parents in writing of its decision within five (5) days of the hearing. If the Board determines that no further action is warranted, the student shall be immediately returned to the general education program following the determination.

a. Informal Hearing - Prior to a suspension, an informal hearing during which the student is given the opportunity to present his or her version of events leading to the short-term or long-term suspension, and is provided notice of the school district's action taken pursuant to N.J.A.C. 6a:16-7.1(c) 2 and 5.

- (1) The informal hearing shall be conducted by a school administrator or his or her designee;
- (2) The informal hearing shall take place even when a school staff member has witnessed conduct forming the basis of the charge;

ATLANTIC CITY PUBLIC SCHOOLS - STUDENT CODE OF CONDUCT

- (3) The informal hearing and the notice given may take place at the same time.
- b. Formal Hearing - A formal hearing before the district Board of Education that shall at a minimum:
 - (1) Be conducted by the district Board of Education or delegated by the board to a board committee, a school administrator, or an impartial hearing officer for the purpose of determining facts or making recommendations.
 - (2) Before taking final action, the district Board of Education as a whole shall receive and consider either a transcript or detailed report on the hearing;
 - (a) Include the opportunity for the student to:
 - Confront and cross-examine witnesses if there is a question of fact; and
 - Present his or her own defense, and produce oral testimony or written supporting affidavits;
 - (b) Take place no later than 30 calendar days following the day the student is suspended from the general education program; and
 - (c) Result in the district Board of Education's decision that shall be based, at a minimum, on the preponderance of competent and credible evidence.

F. **Expulsion**

A recommendation for the expulsion of a student will be made in strict compliance with the law and District Policy and Regulation and only when all other means of discipline have been exhausted, or if the nature of a single act presents a clear danger to others such that immediate, definitive action is required.

The student and, if applicable, the parent/guardian shall be afforded all due process rights set forth in Sections D & E above.

The District must continue to provide an appropriate educational program and/or educational services that are comparable to those provided by the District for students in the same grade, until final action is taken by the Board,

ATLANTIC CITY PUBLIC SCHOOLS - STUDENT CODE OF CONDUCT

or in the event of an appeal of the Board's decision, the final decision of the Commissioner of Education.

G. Special Circumstances

Certain behaviors and actions warrant special disciplinary procedures.

1. Classified Students

Before making any formal recommendation for suspension of a student who has been classified or who has been referred to the Child Study Team for evaluation within the current academic year, the building principal must determine whether the student has been suspended for 10 consecutive or cumulative school days during the current school year. The building principal, in consultation with the CST case manager, shall determine whether a series of short-term suspensions constitutes a change of placement sufficient to meet the "10 day" period before any formal recommendation of suspension is made to the Superintendent. **See Administrative Procedure for the procedures which must be followed with respect to discipline of students with disabilities.**

2. Firearms / Weapons / Dangerous Instruments and Assault

If a student is found or observed to be in possession of a firearm, weapon, deadly weapon or dangerous instrument, or assaults any individual, the building principal shall immediately contact local law enforcement personnel and the Coordinator of Public Safety and follow Administrative Procedure.

3. Drug Possession

If a student is found to be in possession of an illegal drug, the building principal shall immediately contact the Coordinator of Public Safety and follow Administrative Procedure: Substance Abuse and Administrative Procedure: Discipline: Alcohol and Drug Possession.

4. Homicidal / Suicidal Threats

If a student makes a homicidal or suicidal threat, the building principal shall immediately contact the Superintendent of Schools and the Coordinator of Public Safety and follow Administrative Procedure.
